## FALL RIVER HAS ALWAYS NEEDED THE POPULAR ECONOMY STORE

Where Quality is never sacrificed to gain a brief notoriety of a cheap store

This store is splendidly satisfied with its supremacy reputation as being the principal shopping center of Bristol County, where Quality is linked in chains of steel with an economy price tag.

No store in the Commonwealth—we'll add all New England—puts more thought, more time or more painstaking care in the selection of its merchandise than we do. The very first thought of the buyer, is it worthy to be offered to our customers, will it stand the quality test of money-back insurance, will it pass the critical eye of the expert merchandise man? If it does all this, we get it and get it at its lowest cash price. The mind of man never could conceive of the multitude of things that has been gathered in this great store for the Fall and Winter's trade. A great orator is said to have been able to make even statistics eloquent, but he would stumble if he had the job of trying to express in words the beauties of the thousand and one things that are here from Fashion's "Store House," ready to wear, coupled with the many beautiful things to make the home beautiful. It's the housekeeper of wide experience that can appreciate this wonderful store of quality and economy.
